

Ovation[®] M

The Better Way To Pipette

- Fully Mechanical operation
- Comfortable, ergonomic design
- Fully autoclavable

Actual Size

**Performance, ergonomics and value
in one elegant design.**

Simple conventional
volume setting

Easy tip acquisition
EVERY TIME

Ergonomically-correct posture
that ensures pipetting comfort

Innovation you can feel

Fits your hand like a glove.

Ovation's contoured shape and adjustable hook means a custom fit for every user in the lab.

Easy tip acquisition & discard.

An audible "click" indicates tips are securely seated and ready for use. And discarding tips takes just the gentle push of a button.

Light thumb action.

A very low-force plunger allows the user to manually control the speed of aspirating and dispensing with minimal effort.

Fully autoclavable.

No disassembly needed.

6 models to cover 0.2–1000µL

Conveniently open PCR and microtubes.

Ovation has a cap opener built right into its base.

Simple in-lab calibration.

No need to send the pipette out.
